

# STEVEN GARMAN

## FULL - STACK DEVELOPER

Having proficiency in both front-end and back-end development and a quick adaptability to new environments, I am certain of my potential to add value to a progressive and dynamic company. I am constantly enthusiastic about taking up new challenges and utilising my skills and innovation, be it in handling a complicated project or venturing beyond my comfort zone to acquire fresh knowledge.

## WORK EXPERIENCE

### **Disclosed.com**, Tel Aviv - Lead Frontend Developer **Jul 22 - Mar 23**

- Led market research efforts and developed wireframes for the creation of a new startup.
- Acted as a reference for the designer, providing guidance and direction as needed.
- Managed the designer and another front-end developer, ensuring that all deliverables met the highest quality standards.
- Collaborated closely with the back-end developer to ensure a seamless and integrated product.
- Gained valuable skills and knowledge including furthering knowledge of NextJS and Django.

### **The Makers Club**, Tel Aviv - Full Stack Intern **May 22 - July 23**

During my internship, I gained proficiency in Next.js, exploring its features like server-side rendering (SSR), dynamic routing, and data-fetching methods such as `getStaticProps` and `getServerSideProps`. This experience deepened my understanding of NextJS's capabilities in optimising web applications for enhanced performance and efficient data rendering.

### **Kimpton Hotel**, Cayman Islands - Server **Oct 16 - Jan 20**

Part of the pre-opening team that achieved AAA 5 diamond recognition and received training to Forbes 5\* standards, contributing to the hotel's success and reputation.

### **SuperFüds**, Bogota - Marketing Intern (Startup) **April 17 - Oct 17**

- Conducted a comprehensive rebrand strategy that resulted in a 75% increase in customer brand loyalty and a 15% increase in social media followers within a 6-month period.
- Successfully managed the company's online presence with major retail vendor MercadoLibre, developing a targeted branding strategy that resonated with target demographics interested in healthy, sustainable lifestyles.

## EDUCATION HISTORY

### **ITC Israel Tech Challenge**, Tel Aviv - Full Stack Development Jan 22 - May 22

A training program designed to qualify Full-Stack web developers. The program is a full-time, hands-on accelerator, which practices research and autonomous learning while emulating a real-life work environment.

### **Leeds Beckett University**, Leeds - Marketing & Advertising July 10 - Jul 13
